

Wyoming Certified Land Corner Recordation Certificate

This form is to be completed in accordance with W.S. 36-11-101, printed in black ink or typed, and shall be for one individual corner.

Describe below, or show in sketch attached to this form, the corner evidence found. Include condition and type of monument, accessories and ties. Describe any maintenance or rehabilitation performed. In the circle to the right, show monument inscription. If monument is determined lost or obliterated, restate the GLO or BLM original field note record; describe or show the procedure used to reestablish the corner and all data as above for a found monument.

Monument Inscription

Field Date _____ Office Reference _____

Found G.L.O. Brass Cap buried approximately 1' beneath the surface of a dirt road.. Other data as shown on the drawing.

 County of LARAMIE

This Certified Land Corner Recordation Certificate was filed for record on the _____ day of _____, 19 __, in Book No. T 12 N, R 63 W, on Alpha-Numeric coordinates C ~ 13 and was noted on the Cross Index Plat.

Corner Type: Aliquot Corner Other
 Corner Name Section(s) 4 + 3 Meridian 6th PM
 Township 12 N Range 63 W Page _____
 Sheet _____ of _____
 County Clerk _____

Directions for using the Cross Index Plat

Section, quarter and sixteenth corners will be marked with a dot at the corner location. The alpha-numeric coordinate number is then determined for the intersection of the two lines. A corner that applies to two or more townships shall be filed under all that apply by the use of photo copies.

Closing corners will be indexed under the township in which they control ownership. For 1/64, 1/256, 1/1024 and non-aliquot corners lying between grid designations, mark the appropriate grid area with a dot and use the index code to the north and west (local systems may be used if the method is approved by the County Surveyor or Clerk and a written description of its use is filed in the front of each book of certificates).
