

State of Wyoming Corner Record

(In compliance with the *CORNER PERPETUATION AND FILING ACT*, Wyoming Statutes, 1997, Section 33-29-140, et. seq., and the Rules and Regulations of the Board of Registration for Professional Engineers and Professional Land Surveyors)

Reverse side of this form may be used if more space is needed.

Record of original survey and citation of source of historical information (if corner is lost or obliterated). Description of corner monumentation evidence found and/or monument and accessories established to perpetuate the location of this corner. Sketch of relative location of monument, accessories, and reference points with course and distance to adjacent corner(s) (if determined in this survey). Method and rationale for reestablishment of lost or obliterated corner.

G.L.O. Record: Not applicable, corner was not set in the original survey of Section 3.

Found: In the borrow area of a constructed access road I found lying loose on the ground the original south 1/4 corner stone to section 34, T13N, R67W. Said stone was a marked 11" x 8" x 6" pink granite colored stone.

Set: At the latitudinal midpoint between the NW and NE corners of Sec. 3 and on the 3rd Standard Parallel between found original corners east and west, I set a 2 1/2" x 30" aluminum pipe with a 3 1/4" aluminum cap marked as noted below, 26" in the ground, with a orange flourescent colored magnetic module in the bottom of the monument hole. Set a 5' steel fence post witness north. Left the found loose S 1/4 corner stone monument to Section 34 next to this set monument.
