

# State of Wyoming Corner Record

(In compliance with the *CORNER PERPETUATION AND FILING ACT*, Wyoming Statutes, 1997, Section 33-29-140, et. seq., and the Rules and Regulations of the Board of Registration for Professional Engineers and Professional Land Surveyors)

Reverse side of this form may be used if more space is needed.

Record of original survey and citation of source of historical information (if corner is lost or obliterated). Description of corner monumentation evidence found and/or monument and accessories established to perpetuate the location of this corner. Sketch of relative location of monument, accessories, and reference points with course and distance to adjacent corner(s) (if determined in this survey). Method and rationale for reestablishment of lost or obliterated corner.

**G.L.O. Record: Unknown**

**Found: No evidence of previous monumentation.**

**Set: It has been the general practice in Laramie County to locate public roads on the section lines in this area. Lacking any other evidence and due to the harmonious relationship to found corners in the area, I believe it is a reasonable presumption to presume that care and good faith were exercised in placing improvements with regard to the evidence of the original survey. Therefore, at the intersection of a long time longitudinal fence line and a 30 foot offset south from a long time latitudinal county road north right of way fence line, I set a No. 5 x 24" rebar with 2 1/2" diameter aluminum cap, stamped as noted below, 6" below the graveled road surface.**

**Aluminum Cap Markings**

Date of Field Work: July, 2006

Office Reference: Edith Lang Family Trust
