

# State of Wyoming Corner Record

(In compliance with the **CORNER PERPETUATION AND FILING ACT**, Wyoming Statutes, 1997 Section 33-29-140 et. seq., and the Rules and Regulations of the Board of Professional Engineers and Professional Land Surveyors)

Record of original survey and citation of source of historical information (if corner is lost or obliterated). Description of corner monumentation evidence found and/or monument and accessories established to perpetuate the location of this corner. Sketch of relative location of monument, accessories, and reference points with course and distance to adjacent corner(s) (if determined in this survey).

**Original Record:** (Alfred M Rogers - 1872) Set a Limestone 20"x2"x4' for 1/4 Sec corner

**Evidence Found:** No evidence of original stone. I found the witness corner called for in R.L. Hudson's Corner Recordation in Book ONE at Page 19 - 67 filed for Record on 2/23/1972 in the Laramie County Clerk's Office. The very well set stone was 4" to 5" above the surface and marked "WC CR" on the west side.

**Perpetuation:** I accepted the stone witness corner and set a railroad spike for the 1/4 section corner in the road 40.00' south of the stone.

See the back of this sheet for additional information. If additional information is needed please see the Record of Survey for the E 1/2 of Section 2, T19N R67W, Laramie County, Wyoming.

Date of Field Work: 4/2021 Office Reference: 2021 005 Denny

### Cross Index Plat

This corner record was prepared by me or under my direction and supervision.
